SEAN MEYER

Dear DC Comics:

Hi. I'm one of the biggest fans of DEXTER'S LABORATORY. I think it is the best cartoon nowadays. I like all of the episodes except for "Dexter's Rival." The comic books are better because you make new ones every month and it gives me something to collect and to read.

Art by Sean Meyer.

How could you not like "Dexter's Rival"? Competition makes everyone better. What are the POWERPUFF GIRLS without Mojo Jojo? Batman without the Joker? Peanut Butter and Jelly without...milk — oh, perish the thought. We wouldn't want to even think about a life without that.

Dear DEXTER'S LABORATORY:

I love your show! I watch it every day. My dad always wants to take me out for ice cream at Friendly's, but I say, "Dad, don't you remember? I have my shows to watch!" I still have never told him what the show was. I also ordered a comic subscription. My favorite comic is the one where Dee-Dee throws snowballs at Dexter. It was so funny. I also like the one with the fish named Goopy, and it ate the other fish, then Dexter had to be the one to stop it.

I ordered the comic subscription about two years ago 'cause I forgot where to get them. I would really like to know so I could order another comic subscription. I think I ordered them from some paper that my cousin sent me. I love the show so much!!!

Liz, check this out!

Dear DEXTER'S LABORATORY (DC Comics):

Hi. My favorite show is the POWERPUFF GIRLS, and my second favorite show is DEXTER'S LABORATORY.

DEXTER'S LABORATORY is a funny show. It has pretty good animation, funny sound effects, and crazy characters. The POWERPUFF GIRLS and DEXTER'S LABORATORY look like they both have the same animation.

I have a few questions: Whatever happened to the new episodes of DEXTER'S LABORATORY? How old are Dexter and Dee-Dee?

And, by the way, in Issue #6, page 1 in the very first panel, I see Bubbles and Buttercup on the poster pinned to the wall while Dexter was sleeping. Will there be a crossover when Dexter meets the POWERPUFF GIRLS and the world is in danger when the villain strikes down on it? That would be a collector's item! I'm the biggest fan of POWERPUFF GIRLS and DEXTER'S LABORATORY! Keep up the good work and tell Dexter and Dee-Dee that I said "Hi." Thanks!

Look for brand-new DEXTER'S LABORATORY episodes in November. According to our files, Dexter is old enough to go to school but younger than Dee-Dee.

A crossover with the POWERPUFF GIRLS?! Dexter and Mandark already allowed the earth to be destroyed in DEXTER'S LABORATORY #2. We don't think the earth is big enough for Dexter's ego or the POWERPUFF GIRLS' powers!

This issue's cover by Chris Savino, Bill Wray and Lee Loughridge.

next issue:

Dexter has Dee-Dee Vision! Could he be stuck with his stupid sister's eyesight forever? Plus, summer vacation has left the school science lab all scummy, and Dexter's determined to tidy it up — even if his clock gets cleaned in the process! Written by Bobbi JG Weiss and James Denning; art by John Delaney, Matt Jenkins and Jeff Albrecht; cover by Chris Savino and Bill Wray.
